Re: Notice of File Closure for Small Mining Activities, Gooseberry Mesa Project, S/053/030,  
Washington County, Utah

Dear Mr. Yeagley:

In a recent conversation with the St. George BLM Field Office, we were informed that the BLM inspected your Gooseberry Mesa small mining project located in Sections 2 and 11, T42S, R12W, Washington County, Utah and found no mining disturbance or the surface reclamation was satisfactory. Subsequently the BLM closed their file for this small mining operation. As your project is located on BLM managed lands, the Division will accept their recommendation and also close our file for this project.

You are hereby released from any further mining or reclamation responsibilities by the Division at the site. If you plan to conduct any new mining related activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval(s), prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.

Lynn Kunzler  
Senior Reclamation Specialist
